Project S.A.R.A.H. (Stop Abusive Relationships At Home) provides treatment and resources for Jewish victims of domestic violence and sexual abuse throughout the State of New Jersey. Our services include individual and group therapy by our highly trained clinical staff, pro bono legal consultations, psychiatric services, as well as financial and vocational support. We offer community education workshops, prevention programming, the world-renowned Magen Yeladim Child Safety Program for schools, a middle school internet safety program, and a broad array of professional trainings.
